DETAILED ACTION

Remark

1. Upon review of the amendment submitted 7-25-05, it is noted that an election/restriction is warranted. Any inconvenience to the applicant is regretted.

Election/Restrictions

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-9, 17-20, 14-16 are drawn to a method for automated enrollment and activation of a mobile telematics system, classified in class 713/200, 168; 701/200.
 - II. Claims, 10-13 are drawn to a computer usable medium storing a computer program, classified in class 704/270.

The inventions are distinct, each from the other because of the following reasons:

3. Inventions (I) and (II) are related as process and apparatus for its practice. The inventions are distinct if it can be shown that either: (1) the process as claimed can be practiced by another materially different apparatus or by hand, or (2) the apparatus as claimed can be used to practice another and materially different process. (MPEP § 806.05(e)). In this case the process as claimed can be practiced by another materially different apparatus or by hand. That is the enrollment process can be performed by hand, wherein enrollment can take place by jotting down information into paper files by hand.

Art Unit: 3663

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
